BETTER THAN GOLD!

PORTSMOUTH, July 9, 1851.

Mr. J. E. BOUSH—Dear Sir: I feel it a duty to make known the benefit I have derived from Dr. Hampton's VEGETABLE TINCTURE. For a number of years I suffered from disease, but to a greater degree for the last three years. One of the forms of my disease was dyspeptent that life was really a burden. The attack of it on me was different to that on any other person of whom I have heard; at times it was like the palpitation of the heart; there was a constant thumping and beating with out intermission about the region of my heart, chest, and stomach; some of the attacks would last for weeks; my stomach was much distended, with constant pain, great weakness, and constination of the bowels. I could not eat the most simple food without pain. I also suffered greatly from disease of the kidneys, with constant pain in the back, that I could walk only with great difficulty. I tried nearly all of the most celebrated patent medicines of the day, but found no relief. I had also the best medical attendance. One of my physicians frankly told me it was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, and thought my disease certainly incurable.

At this juncture I heard of Hampton's Vegetable Tincture. I refused to give it a trial, aithough persuaded by my friends, until my son purchased a few bottles, and requested me to try it; after taking it a few times, it had a most happy effect on me; my confidence increased, and after taking three bottles, my dyspepsis, or disease of the stomach, was nearly if not entirely cured. I now feel myself a new man, and in better health than for years. I am certain the cure in my case was made by this Hampweakness, and constination of the bowels. I could no

I am certain the cure in my case was made by this Hamp-ton's Vegetable Tincture alone. Since my cure I have recommended the tincture to a number of my friends, who have also been relieved by it. Some of the cures who have also been relieved by it. Some of the cures, have been as rapid and equally wonderful as mine.

I present my respects to Messrs. Mortimer & Mowbray, the proprietors of this valuable medicine, and say to them its value is above price; and from my cure, and what I have seen of its effects on others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt many valuable lives will be prolonged by its use. I hope the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully. (Signed)

trial. Xours most respectfully, (Signed)
JOHN LUKE.

The above is extracted from a letter from a gentleman sixty years of ago, and of high character. He says: "I have given but a faint idea of my sufferings; I feel inadequate to the task." We also have received, in the last few days, letters from two of our most worthy and well-known citizens, giving two remarkable cures of spinal disease. But yesterday one of the oldest merchants reported that he was cured of neuralgia of the head, of years standing, and so bad that his teeth fell out from its effects. Call and see letters. Was there ever so many cures, wonderful cures, made by any other medicine. All we sak of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the blood and cure for all chronic diseases, as dyspepsia, rheumatism, scrofula, and all complaints of the stomach, bowels, &c.

Considerable excitement prevailed with regard to the election. Business was brisk, and accounts from the mining districts continued favorable. > [From the New York Herald of yesterday.] Summary of News.

The grand railroad jubilee at Boston will prove one of the greatest events of the year, attended as it is by the principal public char-acters of the United States, and the adjoining provinces. When President Fillmore shall have returned to Washington, Mr. Webster made another dish of chowder at Marshfield, Lord Elgin taken up his quarters at Quebec, the new seat of government of Canada, after visiting New York, and the rest of the distinguished as well as obscure individuals shall have returned to their homes, we shall analyze the whole affair in our own way.

The New York State Fair, at Rochester, is

also an event which must attract considerable attention. The proceedings of yesterday were of a very interesting character. The whole affair is got up in a style reflecting great credit upon our agricultural and mechanical skill, and excels all previous exhibitions of a like character. While President Fillmore, Mr. Webster, and Lord Elgin are the great lions of the jubiled at Boston, Senator Douglas appears as the leading star at the State Fair, and will to-morrow deliver the annual address before the thou-

sands assembled at Rochester.

The secession party in Louisiana is making an effort to carry that State against the Compromise, and some of the most prominent men have enlisted in the cause of opposition to the Union. There is, however, a strong majority of the people in favor of the compromise mea-

sures. We regret to see that another fillibustero expedition is forming in Texas against one of the States of Mexico, which will probably end as did the last unfortunate effort against Cuba. The point of concentration is within the boundary of the United States, and consequently comes under the laws providing against armed expeditions forming in the territory of the Confederacy, against a friendly-power.

THE PAMPERO,-We find in the New York Courier & Enquirer the following letter from Mr. WASHINGTON, Sept. 12, 1851.

To the Editors of the Courier & Enquirer : Your Washington correspondent, under date

of the 10th instant, says:
"The owners of the Pampero begin to betray great uneasiness lest that vessel may be cap-tured; and, indeed, I think they have good cause for alarm, as I do not see how she is to escape the vigilance of those on the look-out for her. Major Heiss, formerly of the Union, one of the owners of that boat, is also proprie tor of the New Orleans Delta, the print that had so large a share in misleading the minds of indiscreet and unwary youths. Certainly where the guilty parties are discovered they should

be called to a most rigid account." This appears to have been written for the purpose of placing upon my shoulders part of the responsibility attached to the late disaspurpose of

trous Cuban expedition.

You will please state that I am not one o the owners of the Pampero, nor have I been interested in any way in getting up said expedition. Neither have I advised, or used any means whatever to "mislead the minds of indiscreet or unwary youths, by inducing or encouraging them to join" in that unfortunate JOHN P. HEISS. adventure.

STILL ANOTHER of our most talented and highly respectable citizens speaks for Hampton's VEGETABLE TINCTURE:

Baltimore, July 18, 1851.

Messre. Mortimer & Monebray:—Gentlemen: My daughter having been afflicted for more than a year with the spinal disease, and having tried every remedy that was prescribed by some of our best physicians, without affording her any apparent relief, I fortunately was advised by a friend to try a bottle of "Dr. Hampton's Vegetable Tincture," which relieved her of her pain in less than twenty-four hours. I am pleased to say that since she took it she has been free from pain, and she is gradually gaining strength, which I attribute entirely to the restorative properties of this medicine. I believe if it were more extensively used, it would do more good in the removal of such diseases incident to the human family than what is usually prescribed.

BLACKWOOD'S MAGAZINE,

BLACKWOOD'S MAGAZINE,

AND THE

BRITISH QUARTERLY REVIEWS.

OWING to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the heasty, disjointed, and necessarily imperfect records of the newspaper, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, vis:

THE LONDON QUARTERLY REVIEW,

THE LONDON QUARMERLY REVIEW,
THE EDINBURGH REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

The Westminster Review, and Blackwood's Edinburgh Magazing.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last greatecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautire clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac simile of the Elinburgh edition.

Mr. Robert Scars—Dear Sir: I have looked over the en-tire series of your valuable publications with much in-terest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many distilled. of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HTCHCOCK.
